

COOLER AND WARMER

PORTABLE THERMOELECTRIC

CF-160G

ORION®

- Gross capacity: 20L
- Cooling: Max. 15-25°C under ambient temperature
- Heating: Max. 65°C
- Can be used in a car. Power supply: 12V
- Household use. Power supply 220V/12V via adapter
- Power consumption: cooling/heating - 46/41W
- Nominal power: 72W
- Nominal current: 6A
- Electric class protection: II
- Moisture protection: IPX0
- Color: dark gray
- Unit dimensions: 490x270x305mm
- Package dimensions: 500x280x320mm
- Net/Gross weight: 3,2 / 4kg
- Package volume: 0,0448m³
