Type	MULTI-MEDIA (With Eluminated Keys)																																						
Interfaces	PS/2																																						
Compatible with windows	98/2000/ME/NT/XP																																						
Keys' numbers	104																																						
Additional Keys' numbers	9																																						
Type of keys' switching	Membrane key switch with tactile feedback																																						
Type of letters' engraving	Laser type(Optional)																																						
Input power	+5v dc±5%																																						
MaX Power consumption	0.5Watts																																						
MaX allowed current	+30V(-) 33mA/+10V(-) 100mA																																						
Insulated resistance	50mOhm[+30V(-) 33mA/+10V(-) 100mA]																																						
Key switch life	10,000,000																																						
Travel distance	3.0mm±0.5mm																																						
Operating force	45gf±6gf																																						
Multi-language Support	English;Russian;Ukrainian(Optional)																																						
Type of painting	Coating & Injection																																						
Standard Color (Pantone #)	Silver & White																																						
Safety certificates	CE/FCC certified
